Bug report

Title:

In the “Baggage” line, the “+” button covers the number (quantity)

Description:

In the “Baggage” line when reaching 2 digit number, part of the number is covered by the “+” button

Bug recovery steps (user with a profile):

1. Set “Passengers” to 5
2. Set “Checked baggage” to 10

Expected result:

The number 10 appears in whole

Actual result:

The number 10 appears incomplete, covered by the “+” button

Severity: Low. There are no significant effects except for a minor visibility issue.

Priority: Low. As the severity and effect are low, there is no need for an immediate fix.
